

## PRODUCT SPECIFICATION

Date of Issue: 20/01/2020	Document No: VRI/PS/06-060
Revision Date: 07/09/2020	Revision No: 01

Product Name	Lotus Absolute Oil
Botanical Name	<i>Nelumbo nucifera</i>
CAS #	85085-51-4 (1)
EC #	285-379-2
EINECS #	---
INCI Name	Nelumbo nucifera flower oil
INCI Description	NA
Country of Origin	India
Packaging	As Per Customer Requirement

Part Used	Flower
Extraction Method	Steam Distillation
Quality	100% Pure and Natural
Note Classification	Strong

Physical & Analytical Analysis	SPECIFICATIONS
Appearance	Light yellow to yellowish viscous concentration
Odor	Sweet aroma
Refractive Index @ 20°C	1.475
Specific Gravity (g/mL) @ 20°C	0.895
Optical Rotation (°)	7°
Solubility	Insoluble in water, soluble in alcohol and oils

MICROBIAL ANALYSIS	SPECIFICATIONS	STANDARDS
Aerobic Mesophilic Bacterial Count	< 100 CFU	ISO 21149
Yeast and Mould	< 10 CFU	ISO 16212
Candida albicans	ABSENT	ISO 18416
Escherichia coli	ABSENT	ISO 21150

Pseudomonas aeruginosa	ABSENT	ISO 22717
Staphylococcus aureus	ABSENT	ISO 22718

HEAVY METAL TESTS	SPECIFICATIONS	STANDARDS
Lead: Pb (mg/kg or ppm)	< 10 ppm	In House
Arsenic: As (mg/kg or ppm)	< 2 ppm	In House
Mercury: Hg (mg/kg or ppm)	< 1 ppm	In House

Note: This Product Specification Sheet was prepared in accordance with the Quality parameters taken during product manufacturing/processing to maintain the quality of the product. This Specification Sheet shows the product characteristic feature of the actual product. However you can find the detailed examination report for the respective batches in their COA.
